INTERESTS Machine Learning, Natural Language Processing, Information Extraction, Information Retrieval, Reinforcement Learning

EDUCATION **M.Tech(CSE) with specialisation in Machine Learning** Jul 2016 – Jul 2018

▪ **IIIT Bangalore**

- Thesis: Neural Attention Reader for Video Comprehension
- Adviser: Prof. Manish Gupta
- Focus: Information Retrieval, Information Extraction, Videos, Attention Mechanism, Bidirectional LSTM, Distant Supervision, Differential Weighing

B.Tech in CSE

▪ **SRMCEM(Uttar Pradesh Technical University)**

Aug 2008 – Jun 2012

- Deans List for 3 years.

RELEVANT EXPERIENCE

Microsoft

▪ **Applied Scientist II**

Apr 2021 – Present

- Working in Defensive Ranker team where we need to rank URLs/documents based on the nature of threat.
- Using multiple metrics to measure the performance.
- Developed neural models for Defensive Search team where we work on specific threats like coronavirus, black lives matter, anti-semitic, etc to suppress URLs based on their nature.
- Worked in creation of Universal metric measurement set and used multiple Bayesian sampling methods for scaling across different languages and regions

Walmart Global Tech

▪ **Data Scientist**

Aug 2019 – Apr 2021

- Worked in Catalog Data Science team.
- Built deep learning models for attribute extraction from text.
- Developed a Smart normalization tool to match the non-standard/junk text present in the catalog to the standard text.
- Developed BERT based models for classification and sequence labeling in Multi-lingual models. These models are further used in product search.
- Lead an initiative to build an autotagger tool for reducing the amount of tagged data and build efficient models with limited data.
- Worked on jointly leveraging strong supervision data along with weak supervision data to train neural models.
- Lead an initiative on discovering high-quality entities/attributes from Walmart product reviews. This will help to enrich the catalog in a more fine-grained manner.

▪ **Senior Statistical Analyst**

Jul 2018 – Jul 2019

- Worked on retail graph for home and furniture section, which includes entity extraction, style prediction. Built models which helped in substitute and complementary products recommendation.

VideoKen Software Pvt. Ltd, IIIT Bangalore Innovation Centre

▪ **Visiting Researcher**

Jan 2018 – Jun 2018

- Worked on neural multi-task reader for Video Comprehension. Used Attention Mechanism, Bidirectional LSTM, self-attention and did meaningful bifurcations of the raw text to complete the task.

Tata Consultancy Services

▪ **Systems Engineer(Data)**

Nov 2012 – Jun 2016

- Worked in Oracle apps (an ERP tool) as an OTR consultant. Worked in GE Healthcare projects.
- Worked in SCM(Supply Chain Management), Purchase Order and Order Management modules of Oracle apps.

PUBLICATIONS

▪ **Learning with Limited Labels via Momentum Damped Differentially Weighted Training**

- Rishabh Mehrotra, Ashish Gupta in KDD 2020.

▪ **Joint Attention Neural Model for Demand Prediction in Online Marketplaces**

- Ashish Gupta, Rishabh Mehrotra in NLDL 2020.

▪ **Hyperparameter optimization with REINFORCE and Transformers**

	<ul style="list-style-type: none"> • Chepuri Shri Krishna, Ashish Gupta, Swarnim Narayan, Himanshu Rai, and Diksha Manchanda got accepted in IEEE BigData 2020. ▪ Ultron-AutoML: an open-source, distributed, scalable framework for efficient hyper-parameter optimization <ul style="list-style-type: none"> • Swarnim Narayan, Chepuri Krishna, Varun Mishra, Abhinav Rai, Himanshu Rai, Chandrakant Bharti, Gursirat Singh, Ashish Gupta, and Nitinbalaji Singh in IEEE BigData 2020. ▪ Sequence-aware Reinforcement Learning over Knowledge Graphs <ul style="list-style-type: none"> • Ashish Gupta, Rishabh Mehrotra in RecSys REVEAL 2019. ▪ Neural Attention Reader for Video Comprehension <ul style="list-style-type: none"> • Ashish Gupta, Rishabh Mehrotra, Manish Gupta in KDD Deep Learning Day 2018.
